

# NEPA/SEPA CONSULTATION

EES Consulting staff has a long history of successfully providing NEPA and SEPA consultation to clients and natural resource agencies. We have worked on a variety of projects ranging from small marine area SEPA checklists to large-scale, highly controversial Environmental Impact Statements (EIS) that have been successfully upheld in court.

## SERVICES PROVIDED

- Project scoping
- Agency consultation
- Synthesis of existing information
- Development of study plans and scopes to fill data gaps
- Analysis of project effects
- Cumulative effects analysis
- NEPA/SEPA document preparation
- EIS preparation
- Expert witness testimony
